July 23, 2018

Welcome Back! This morning marks the 10th year that Sequoia Pathway Academy has been in Maricopa, AZ. It was great to see all the families this morning.

This week we are allowing parents to walk their students to the playground. On Monday, July 30th all students will need to walk themselves to the playground. We appreciate everyone's cooperation.

This week we are under a Heat Advisory and are asking all parents to send their students with water bottles that have a secure top. The students are able to refill their bottles as needed. We also will be having outdoor recess in the mornings and shortening lunch recess. Their afternoon recess will be inside.

We are asking that parents not to bring pets on campus. The Health Department regulates that only service animals should be on campus. Please check into the office if you are bringing a service animal onto campus.

I would like to remind all families to follow the parking lot expectations:

1. The speed limit is 5 miles.
2. There are no left turns onto Porter Road.
3. If you are in the drive line you should not get out of your car (a teacher or other staff member will assist your child into the car).
4. If you are in the drive line and are a parent of K-3 please place your pick up sign in the windshield.
5. Use the cross walks.

Rachael Lay
Principal
